

Assembly Instruction for 1202

We recommend installation of this fixture be done by a licensed electrician. Turn off power at the main fuse or circuit breaker box.

** Actual parts may vary slightly depending upon the model

1. Remove all parts carefully from the box before discarding the carton.
2. Attach the cross bar to the outlet box with ground screw facing down.
3. Thread long screws into the cross bar beyond the canopy of the fixture.
4. Remove excess chain or excess lead wire
5. If applicable, Fasten ground wire to green screw. Fasten lead wire with ridges to the white wire. Use wire nut to fasten it. Fasten smooth lead wire to the black wire in the box & use wire nut to fasten it.
6. Install shade (if applicable) using 3 side screws.
7. Using ball nut, fasten the fixture to the outlet box.
8. Restore circuit breaker.
